

## SEBO DART SERIES - Total Flooring Maintenance System Vacuum Cleaner and Floor Polisher

The complete modular flooring maintenance system which includes a Vacuum Cleaner and a Hard-floor Polisher. With a unique flexible swivel neck on both the powerhead and polishing head - it is perfect for small, congested areas where furnishings are fixed into place.

### 01 Flat to floor vacuuming

These machines work when completely flat, making it easy to clean under furniture. When upright the anti-fatigue technology makes vacuuming a one pass activity.

### 02 Full rotating brush roller

For deep-down fibre agitation and dirt removal. Carpet and soft floor tile manufacturers recommend this method of cleaning maintenance.

### 03 Portable suction unit

Patented integral hose and 'wand' is able to reach into the tiniest corner to remove the dust. Allowing for quick and effortless above the floor cleaning.

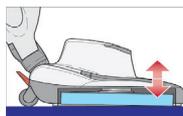

### 04 High performance filtration

Hygienic S-Class filtration system. Sealable filter bags for dust-free debris disposal. Micro filters capture small-fine particles (>0.3 micron) and the exhaust filter ensures only clean air is emitted.

### 05 Ultra High Speed Polisher Head

When attached to the Dart 2, the Dart 3 is a lightweight straight line polisher. Restore the shine of dull and scuffed hard-floors without the use of water, chemicals or polishing sands.

### 06 Patented computerised disc drive

Its automatic torque controlled height adjustment guarantees that the floor pad is at the optimum setting.

A quick and easy pad-change mechanism.

### SEBO DART 2 & 3 UPRIGHT

- > Vac Motor max.: 1300 Watt
- > Brush Motor: 175 Watt / 200 Watt
- > Suction: 225 mbar / 2300 mm WS
- > Airflow: 50 l / s
- > Filter Bag: 3,5 l, 3-layer
- > Working Width: 31 cm / 37 cm
- > Weight: 4.5 - 7.2 kg
- > Cleaning Range: 10.5 m

### SEBO UHS POLISHING HEAD

- > UHS Head Motor max.: 200 Watt
- > Revolution Speed: 2000 U/min
- > Working Width: 30 cm
- > UHS Head Weight: 3.9 kg
- > Sound Level: 68 dB(A)
- > Automatic height adjustment of pad
- > Intergrated dust removal (with Dart)
- > Weight when attached to Dart: 8.9kg

MADE IN GERMANY

# SEBO UHS SUCTION POLISHER

Environmentally friendly hygienic cleaning - No Chemicals or water required.

## Floor suitability

The SEBO floor pads are coated with a resin containing diamond dust with graduated grain. Suitable for all floors desiring a gloss finish, hygienically without the use of chemicals or water.

- > PVC
- > Natural Stone (marble, granite, etc)
- > Varnished Coated (acrylic, PU)
- > Parquet and wood
- > Terrazzo and polished concrete
- > Tiles

Automatic torque controlled pad height adjustment. Low initial price, low follow-up costs. Up to 600 operating hours per Pad (> 100,000 m2). Reduction of wet wiping.

## Case study

\* Optimized blue floor pad for the maintenance of softcoated floors (such as wax) with SEBO EFFECT available.
